# **The Science of COVID-19:**

**Controls, Testing, Vaccines, and What Lies Ahead**

**Shannon  
R. Magari**

ScD, MS, MPH

Dr. Magari serves as a Principal and the VP of Health Sciences for Colden Corporation, occupational health, safety and environmental consultants. Over the past year, Dr. Magari and her team have helped develop COVID-19 safety plans for energy production and distribution, healthcare, food, pharmaceutical, and television production industries. She currently serves as the President of the Northeast Biological Safety Association and holds an academic appointment at the T.H. Chan Harvard School of Public Health.

**FORUM  
CAZENOVIA**

The presentation is free and open to the public  
and will be live-streamed via Zoom.
